- Ideal for High Traffic Area
- Wash Down Bays

Metallic

- Excellent Adhesion
- Easy to Clean and Maintain
- Unique Decorative Finish

System Icons

Icons indicate key attributes to help you choose the right system for your concrete surfaces.

UV Stable		Low Odor	
Quick Return to Service		Low VOC	
Chemical Resistant		Ultimate Durability	
Performance		Great Value	
High Gloss		Application Temperature	

Flakes/Quartz

- Chemical and Abrasion Resistant
- Quick Return to Service
- Endless Color Combinations

Medici System

- High-Value, Low Cost Primer
- Exterior Applications
- Minimal Downtime

Service Bay

Urethane Concrete System

Heavy-duty, easy to apply, water-based urethane concrete topping stands up to the most extreme industrial environments.

Top Coat (Optional)

Poly-1 HD

Grout Coat

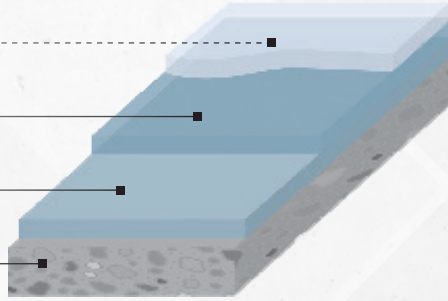

RG-80X

Basecoat

Urethane Concrete

Substrate

Prepared Concrete Surface

SLE-100 Solid Color System

A cyclo-aliphatic hybrid coating that has exceptional adhesion properties to concrete substrates and exhibits great flexibility, working times and self-leveling properties.

Top Coat

Poly-1 HD, RG-70 Tinted
or Poly-3 WB Tinted

Basecoat

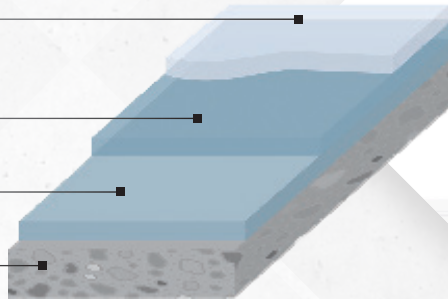

SLE-100 Tinted

Primer

EP-55

Substrate

Prepared Concrete Surface

1 Day Quartz/Flake System

A cyclo-aliphatic hybrid coating that has exceptional adhesion properties to concrete substrates and exhibits great flexibility, working times and self-leveling properties.

Top Coat (Optional)

Poly-1 HD

Grout Coat

RG-80X

Decorative

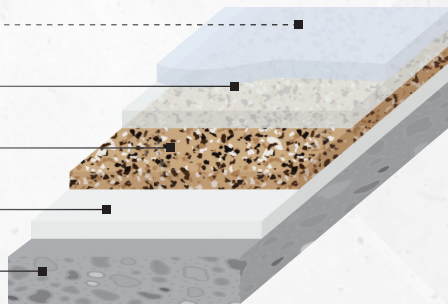

Quartz or Flake Broadcast

Primer/Basecoat

Polyurea-350

Substrate

Prepared Concrete Surface

Mechanic Shop

1 Day Quartz/Flake System
