Decorative Chip System

Our 2 layer, easy to install chip systems are our most popular seller with installers. They are great for any garage, basement, bathrooms, and light commercial environments.

Citadel's chip, color, and top coat options make creating that perfect floor a breeze!

Polyurea™

Polyurea is a two-component, 98% solids Polyurea primer/basecoat with unique physical characteristics that make it a one-of-a-kind product.

Our Adjustable Cure Rate Technology™ allows the installer to customize the workability and cure times of this material for use in any climate. Standard cure times of this revolutionary product can range from 1 hour to 3 hours based on the speed of material used and the temperature at the time of application. This advancement once again shows Citadel Floor Finishing Systems' commitment to being the market leader in easy to apply floor coating systems.

Installations completed with Citadel's Polyurea will save hours of time over conventional systems and will cut consumable costs in half. It is hands-down the BEST floor coating product on the market today, backed by a strong warranty, countless months of testing, and thousands of square feet of proven success.

COMPARE CITADEL POLYCURAMINE TO EPOXY

	Polyurea	Epoxy
