- ▶ Has the appearance of unsurpassed richness.
- ▶ Easy to maintain, No waxing or upkeep needed!
- ▶ High gloss or matte finish, smooth or non slip surface.

Medici System

Create unique floors using our Dualie Roller™, and the results are as beautiful as they are strong. Custom texturing is possible via sponge rollers and foam brushes. With endless color combinations available, the installer is truly unlimited in their design and artistic finish.

Polyurea™

With 100% UV-Stability, the Medici™ System is able to be installed outdoors or in direct sunlight without any yellowing, chalking, or fading over time. Combine that with its high chemical resistance, low odour, ease of use, and extreme abrasion resistance and it is no wonder why it is hottest coating system available today. No other coatings manufacturers have anything like this –the only way to get this look was to use acid stains, sprays, and dyes that are time consuming to install and don't hold up to heavy traffic. The Medici™ System will be the optimal choice for basement floors, patios, offices, pool surrounds, and any other location needing that old world, mottled, natural finish and texture.

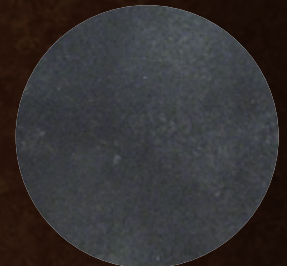

Gold Sandstone

Sienna Sunset

Terracotta

Stone Obsidian

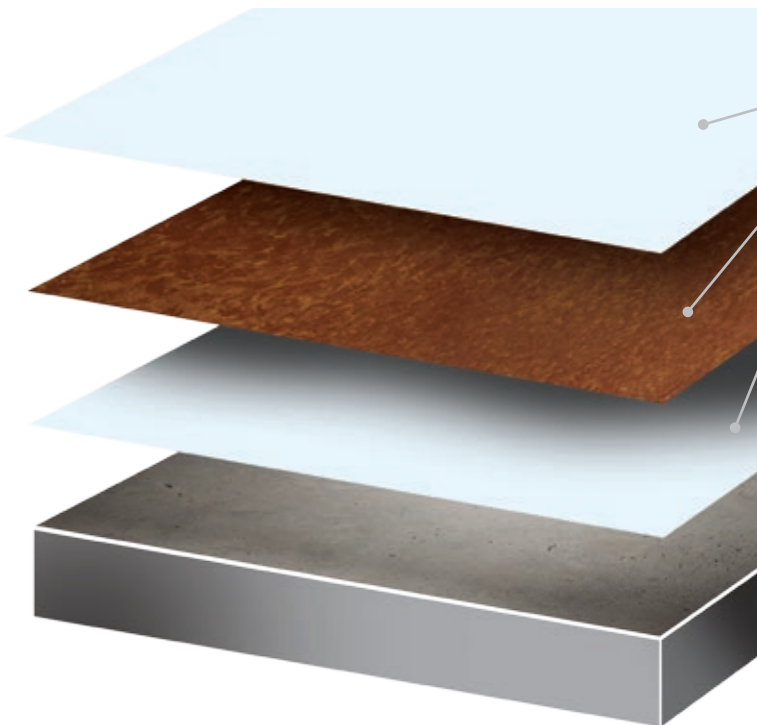

FLOORS ARE INSTALLED USING THE ONE-OF-A-KIND **MEDICI DUALIE ROLLER™**.

Project Spotlight: News Studio

This news studio wanted to create a custom look for their award winning news cast. Their solution was a custom Medici™ polyurea floor by Citadel.

Clear Top Coat (*optional Ultra Durability Plus Additive*)

Polyurea with Medici Color Tints

Eco Prime Base Coat (*Clear*)
