CITADEL®
FLOOR FINISHING SYSTEMS

Citadel Quartz Coating System

A very strong durable coating with extreme abrasion resistance that maintains a rough texture that conforms to all OSHA slip requirements. Great application in all commercial kitchens, entry ways, industrial bathrooms, and heavy traffic areas. This is our main seller to customers for any commercial and industrial system. Unlimited color options for the quartz keeps the design options open for any decorative work.

Polyurea™

Polyurea is a two-component, 98% solids Polyurea primer/basecoat with unique physical characteristics that make it a one-of-a-kind product.

Our Adjustable Cure Rate Technology™ allows the installer to customize the workability and cure times of this material for use in any climate. Standard cure times of this revolutionary product can range from 1 hour to 3 hours based on the speed of material used and the temperature at the time of application. This advancement once again shows Citadel Floor Finishing Systems' commitment to being the market leader in easy to apply floor coating systems.

Installations completed with Citadel's Polyurea will save hours of time over conventional systems and will cut consumable costs in half. It is hands-down the BEST floor coating product on the market today, backed by a strong warranty, countless months of testing, and thousands of square feet of proven success.
